Hello Jeff,

Sorry it took us long to get this testimonial out, but here it is:

Throughout our stay at 19 Norway Avenue, we felt we had found a place that was both cozy and efficient for the everyday lifestyle of a Torontonians. The unit is furnished with a number of great features, including a plasma TV, speakers, couches, everyday kitchen utensils, and even a coffee maker. The bedroom had tons of closet space, as well as a comfy queen-sized bed. The tenants upstairs were very friendly, and Jeff did everything to ensure we had a great, cozy stay. This unit is an amazing combination of a loft that is both modern and efficient. The neighbourhood is safe, and friendly. It is also steps away from a TTC bus stop, which we particularly loved! At the end of the day, this unit defines the word home!
